

PROS ACTIVITIES:

CONSIDERING SKILLED TRADES

PEER REVIEW

1. Get into groups of four. On a piece of paper, write down a skilled trade that you think would fit each of the three members of your group based on their personalities and what you know about them.
2. Take turns sharing which jobs you imagined for each other, and explain why you thought they'd like these paths.
3. Now rank the paths that your classmates imagined for you.

MAP YOUR FUTURE

1. Find the map on page 96 that lists the industries prominent in different regions in Arkansas.
2. Choose three skilled trade professions that sound interesting to you. Now search the map for where those industries are found.
3. Find the nearest training program for that trade using the map on page 110. Write down where you'll need to live, the college or trade school you'd attend and a company that might hire you for your first job.
4. Compare the three different lives and rank them based on what most appeals to you.
