

# USE *NEXT* IN YOUR CLASSROOMS

## SHARE A SLIDE PRESENTATION. “WHAT DOES YOUR FUTURE LOOK LIKE?”

**Teachers:** Create a Google Slide presentation for your students called “What does your future look like?” Create one blank slide for each student. Then, share the presentation with the students in your class. Ask each student to create their own slide to present to the class toward the end of the class period. Have them pick the following using Arkansas Next’s “What’s Next?” section, college list and degree directory:

1. Type of higher education they want to pursue after high school
2. Major/degree they want to pursue
3. Job they want to use that degree to pursue
4. Type of lifestyle they hope to lead after achieving Nos. 1, 2 and 3

After 15 to 20 minutes, give each student a chance to do a brief presentation of their slide - to explain what they want to accomplish in the future and why. (Project could be expanded into full slideshows by each student over the course of two days of class.)
